- She would like to see the Yellow Overdue Tasks completed in the next two (2) weeks.

DODGE COUNTY ADMINISTRATION BUILDING, JUNEAU WI 53039

- Currently the ERP Project Team is in the process of determining who will be involved in the Red Overdue Tasks, and the deadline to complete the Red Overdue Tasks is two (2) weeks. Once these are completed, testing and validations can begin.
- There will be no parallel testing with Financials between the current system and the new system once Dodge County goes live on July 1, 2019. Ms. Stimbert commented that accounts will be condensed in the new system, therefore, it will be difficult to parallel test.

Mr. Winklbauer reported the following:

- The Go Live date is July 1, 2019 for EAM, Financials, Budgeting, and Payroll.
- Phase 3 includes Work Orders.
- Payroll is run through Kronos, not Tyler Munis.
- Yellow Overdue Tasks are almost completed.
- Dodge County is currently working with GFOA on the roles of users.
- Ms. Stimbert will be onsite the week that Dodge County goes live.

Clearview Executive Director Deanna Wilson provided a Clearview Certified Nursing Assistant Recruitment and Retention power point presentation. Ms. Wilson highlighted the following:

- According to a 2016 report, 10,600 caregivers had left their jobs for better pay, benefits and hours.
- The number of Certified Nursing Assistants (CNA) not renewing their certifications is continuing to decline.
- According to a February 16, 2019 Channel 3000 article, twenty-nine (29) Skilled Nursing Facilities (SNF) have closed since 2016, with nine (9) more announced for closure in 2019. Ms. Wilson commented some reasons causing the closures are the decrease in Medicaid reimbursements and the shortage of skilled workers.
- Clearview has CNA staffing issues, despite advertising in local newspapers, participating in career fairs, advertising on Facebook, and offering referral bonuses to current employees.
- Clearview currently has 234 CNA positions, and the p.m. and night shifts are the most difficult to fill.
- Clearview CNA's have a pay scale of \$14.30-\$18.61 per hour, which is comparable to the Madison area.
- There are often vacant shifts to fill once the schedule is prepared, therefore, the CNA's, housekeepers, and activity staff are asked to pick up extra shifts, which are frequently overtime shifts. Housekeeping staff are required to be CNA certified.
- Requested vacations are being denied to allow for adequate staffing to care for residents.
- Clearview does not want to deny or be selective with admissions because of staffing concerns.
- Ms. Wilson stated that she held a meeting for her staff on February 11, 2019, to discuss ways to improve staffing issues and employee morale. Forty-five (45) attended this meeting, and some issues discussed were employees not getting their requested vacation time off, and wanting a higher monetary incentive for picking up extra shifts. Current employees suggested that new hires obtain more training.

DODGE COUNTY ADMINISTRATION BUILDING, JUNEAU WI 53039

- Clearview has a CNA training program onsite a class started in February 2019 and will end in mid-March 2019. The goal is to hold the CNA class four (4) times a year.
- Some recommendations to improve recruitment and retention of CNA's:
 - 1. Continuation of 90-day extension for vacation beyond 12 months.
 - 2. Increase the p.m. and night shift differential from \$1.00 to \$2.00 per hour, and the weekend shift differential from \$1.50 to \$3.00 per hour.
 - 3. Offer a Friday-Sunday, 12 hour shift position. The employee would work thirty-six (36) hours, but get paid forty (40) hours. If the employee would not work the full weekend, they would lose the four (4) hour pay incentive. If implemented on March 20, 2019, the cost would be \$12,726.
- CNA staff from Clearview have been covering shifts at Northview Heights.
- The added costs for the increase in shift differential, and the 12 hour shift position will be funded by:
 - 1. Unbudgeted revenue in the amount of \$321,373, from the increase in Medicaid Rates.
 - 2. 2019 Budgeted Funds in the amount of \$396,663, to be applied to the Fund Balance.
 - 3. Total available revenue/fund balance applied in the amount of \$718,036.
- Clearview is requesting the creation of a Certified Community Based-Residential Facility Assistant position at Northview Heights.
- Ms. Wilson commented that a few things that are currently being done to reward employees are: if an employee works a holiday or picks up a shift with no notice, a meal is provided, and an employee name is being entered into a drawing for such things as working extra shifts or perfect attendance.

Ms. Wilson provided an oral report to the Committee regarding a Resolution to Create a Position of Certified Community Based Residential Facility Assistant. The Resolution was presented to the Finance Committee for its review and approval of the Fiscal Note. The Fiscal Note sets forth a Budget Impact in the amount of \$0. Ms. Wilson reported that the creation of a Certified Community Based Residential Facility Assistant would fill an existing position in the Certified Community Based Residential Facility, and this employee will only be allowed to work at Northview Heights. Motion by Guckenberger, seconded by Benter to authorize and direct the Finance Committee Chairman to sign the Fiscal Note, and forward the Resolution to the County Clerk. Motion carried.

Clearview Director of Financial Services Bill Wiley provided an oral report to the Committee regarding a Resolution amending the 2019 Dodge County Clearview Budget. The Fiscal Note set forth in the Resolution was presented to the Finance Committee for review and approval of the Fiscal Note. The Fiscal Note sets forth a Budget Impact in the amount of \$356,908. Mr. Wiley reported that the increase in wage differentials, and the offer of a weekend-only schedule for CNA's will be offset by increases in Medicaid reimbursements. Motion by Caine, seconded by Schaefer to authorize and direct the Finance Committee Chairman to sign the Fiscal Note, and forward the Resolution to the County Clerk. Motion carried.

Supervisor Guckenberger commented that extraordinary circumstances must be dealt with on an individual basis. The Committee continued with a discussion on the Dodge County Budget Monitoring Process. Mr. Mielke reported that in 2019, certain benchmarks at the Sheriff's Office, such as the number of contracted beds and the amount of overtime incurred, are being monitored on a monthly basis.

Schedule Update

The schedule for the Highway Department Work Order Module has been extended. The Highway Department will go-live with work orders on January 1st, 2020.

The schedule change will not impact the other go-live dates. Financials will go-live July 1st, 2019. Work Orders for departments other than Highway will still go-live September 4th, 2019.

The Highway Extension will allow the Highway Department to onboard new personnel to fill key vacancles related to the retirement of Lori Fett, Office Manager and Jaime Field, Accounting Technician. (Final day April 22nd for both team members)

The Highway schedule extension will allow for a clean transition to Munis. The partial year work order details will not need to be converted from the legacy system (JD Edwards) for reporting purposes to the state. It is acknowledged that there will be some duplication during the 6 month extension and there is a plan how to proceed.

The Highway extension will allow for additional analyzing, table building, testing, and training for the phase 3 work order implementation (Non-Highway Department). Phase 3 includes Physical Facilities, Sheriff, Land Resources & Parks, Clearview, HSHD...

It was acknowledged and understood by the Dodge County Team that this is the first time a Wisconsin Highway work order function has been implemented by Munis. Risks associated were previously identified and evaluated.

The January 1st 2020 Highway Department go-live will be reevaluated in quarter four of 2019.

Description

A strong system of internal controls is not only a deterrent to fraud but also supports greater efficiency and legal compliance within the government business function. This seminar addresses the importance of internal controls as defined through the COSO framework. It equips the participant to understand the components of a superior system and how to apply these principles to improve the current control environment within their organization. The seminar is organized around the five interrelated components of COSO: control environment, risk assessment, control activities, information and communication and monitoring and will specifically address issues of separation of duties and controls implementation related to accounts payable/cash disbursements, cash receipts, payroll and capital spending including procurement and receiving. The seminar is presented in lecture, panel discussion and workshop formats.

Speakers:

Anthony Cervini, CPA, CFE Partner, Sikich LLP Mary O'Connor, ASA, CFE Partner, Forensic and Valuation Services, Sikich LLP Jodie Hartman, Director of Finance, Village of Lake Zurich
