DODGE COUNTY SHERIFF'S OFFICE

MISSION STATEMENT

The Dodge County Sheriff's Office will safeguard the lives, property and constitutional rights of our citizens through honest, ethical and professional service to the community.

VISION STATEMENT

It is the Vision of the Dodge County Sheriff's Office to partner with the community and develop proactive solutions toward making Dodge County a safe and enjoyable place to live, work and visit.

To the Honorable Supervisors of the Dodge County Board,

It is a great honor as Sheriff of Dodge County for me to submit my first Annual Report for the Dodge County Sheriff's Office. I would like to dedicate the 2014 Annual Report to all of the dedicated men and women of the sheriff's office who keep the citizens of Dodge County safe every day. Without those men and women, I would not be able to effectively carry out the duties of Sheriff and we must never forget the hard work that they do.

This report will outline for you both the statistics over the past year as well as a brief narrative of the different divisions and programs of the sheriff's office in 2014. This report will show the importance of the sheriff's office operations and the need for public safety in Dodge County. It is my goal to ensure the safety of its citizens. With a lack of public safety comes reduction in the quality of life for our citizens. We must work hard to maintain a quality of life that is conducive to raising our children in a safe environment, being able to walk down the street without the fear of becoming a victim or being able to travel on our highways with a reasonable expectation of safety.

The Dodge County Detention Facility continues to be successful and also brings in vast amounts of revenue to Dodge County. As a result of the federal detainees that are housed in Dodge County, we also are recognized as leaders in the arena of county detention facilities due to our compliance with federal detention regulations.

The sheriff's office sworn deputies work hard at curbing the heroin and opioid drug epidemic through criminal interdiction work and investigation of drug and property crimes. It will be our goal to become more proactive in this work by becoming more involved in the community and better utilizing our resources. These employees work very hard and have done phenomenal work to maintain peace and order in our community.

The communications and support staff are the glue that hold it all together. Our communications officers work day in and day out in fielding phone calls and responding to the needs of our people in the field. They are responsible for the safety of our patrol deputies by ensuring they receive and relay correct information, call for the necessary resources as required and acting as the hub of the entire organization. Our support staff work long days maintaining our records, civil process and typing reports. They do a great deal of work that often times goes unnoticed.

Thank you for taking time to join me in thanking these fine people who work very hard at keeping Dodge County a safe and enjoyable place to live, work and visit.

Respectfully,

Sheriff Dale J. Schmidt

DODGE COUNTY LAW ENFORCEMENT EXPLORER POST

PROGRAM DESCRIPTION

- The Explorer Post is a program aimed at the youth of our community. It is sponsored by all of the Dodge County law enforcement agencies and reaches out to youth who are looking at law enforcement as a career choice. It is open to high school and college students who are age 14-21.
- The Explorer Post in its 7th year. There were a total of 30 Explorers in the program this year.

2014 STATISTICS

Youth Involvement

- Beginning of year total – **20**
- New Explorers during 2014 – **5**
- Explorers who resigned or otherwise left the program - **8**
- End of year total – **17**
- Total Explorers involved in the program during 2014 – **25**
- Total Explorer Training and Community Service – **1,953 Hours**

Advisor Involvement

- 5 advisors
 - Sergeant Dale Schmidt – Dodge County Sheriff's Office
 - Officer William Pansier – Dodge County Detention Facility
 - Detective Chad Haase – Dodge County Sheriff's Office
 - Deputy Robbie Weinfurter – Dodge County Sheriff's Office
 - Officer Dustin Waas – Markesan Police Department
- Advisors supervised 33 meetings training the Explorers
- Advisors supervised the Explorers at 7 community service and special events

2014 COMMAND STAFF

- Captain Bradley Kulibert (age 17) of Mayville
- Lieutenant Dustin Fredrick (age 17) of Mayville
- Sergeant Megan Falkinham (age 18) of Beaver Dam
- Sergeant Scott Anderson (age 16) of Beaver Dam
- Sergeant Easton Meier (age 14) of Beaver Dam

2014 EXPLORER OF THE YEAR

The 2014 Explorer of the Year Award was given to Explorer Sergeant Megan Falkinham of Beaver Dam. The award is given to the most exemplary explorer for that particular year. Megan showed excellent leadership and dedication in her duties. Megan will also receive a \$200 scholarship which is part of the Explorer of the Year award.

Sheriff Dale J. Schmidt
Sergeant Megan Falkinham
Correctional Officer Bill Pansier

2014 ROOKIE OF THE YEAR

This is the 4th year that the Explorer Post has recognized one of its newest members. The Explorer Post feels that it is necessary to reward those who work hard and are dedicated to the Explorer Post. This year’s recipient, Easton Meier, joined in summer of 2014 but immediately showed a significant amount of dedication and has an excellent work ethic. Easton was promoted to the rank of Sergeant in 2015.

3rd Shift

Lt. Chad Enright
Sgt. Dave Weninger
Sgt. CJ Micale
Deputy Andy Krumholz
Deputy Ryan Schwartz
Deputy Jason Boeck
Deputy Jermei Wolfe
Deputy Duane Olbinski
Deputy Charles Borchardt
Deputy John Gallenbeck
Deputy Jason Roy

The Patrol Division strives to provide the highest level of professional law enforcement service to all the people who live in or travel through Dodge County. Our commitments to professional standards help foster a strong relationship between the community and the sheriff's office.

The Patrol Division may not be the largest division within the sheriff's office but it is the most visible. We provide continuous service to the citizens of Dodge County 24 hours a day, seven days a week. The Patrol Division is organized into three shifts. First shift is either 7:00 AM to 3:00 PM or 8:00 AM to 4:00 PM. Second shift is either 3:00 PM to 11:00 PM or 4:00 PM to 12:00 AM. Third shift is either 11:00 PM to 7:00 AM or 12:00 AM to 8:00 AM. We have staggered shifts to assist in coverage during shift changes. Each shift has two sergeants and one lieutenant along with several patrol deputies.

The Patrol Division is responsible for handling both emergency and non-emergency calls for service. It is dedicated to protecting life and liberty, preserving the peace, enforcing state and local laws, suppressing crime, conducting preliminary investigations, enforcing traffic laws and investigating traffic crashes.

Each year deputies receive specialized and ongoing training in a wide variety of topics. Some of these included legal updates, CPR and first aid, defense and arrest tactics, firearm training, officer safety and ethics training.

RETIREMENTS

The Patrol Division had one long time employee retire from the division. Deputy Steve Moul retired after 24 years of service to the sheriff's office. We wish Steve happiness in his retirement.

NEW DEPUTY

One new patrol deputy was hired in 2014.

Deputy Jason Roy started with the sheriff's office on September 1, 2014. Deputy Roy lives in rural Juneau with his wife and three boys. Deputy Roy is currently assigned to the night shift.

COMMUNITY CRIME REDUCTION TEAM

In 2014 the sheriff's office implemented a new program called the Community Crime Reduction Team. These deputies identified problem areas in the county and conducted extra traffic enforcement and other crime reductions efforts. The team worked a total of 280 hours and issued 304 warnings and 65 citations for various violations. The team also made 39 arrests for drug possession and other criminal charges.

CRASH INVESTIGATION TEAM – FATAL ACCIDENTS

Dodge County had 15 fatalities from traffic crashes in 2014. Our Crash Investigation Team has done an outstanding job recreating crash scenes and determining causes. Members of the team include Sgt. Dennis Walston, Detective Ted Sullivan, Detective Andy Rolfs, Deputy Jaime Buelter and Deputy Brian Severson.

TRANSPORT DIVISION

The sheriff's office has two deputies assigned to the Transport Division. Deputy Jeff Petersens and Deputy Brenda VandenHoek's primary responsibility is to transport individuals safely to court, jails, prisons and other secure facilities. Often these transports require travel to out of state locations. In 2014, the division conducted 818 transports and traveled 89,581 miles.

K9 TEAMS

In the spring of 2011, two K9 Teams were approved by the County Board. During the summer of 2011, two black Labrador retrievers were located that were excellent candidates for K9 training. Paige was acquired from River Velvet Retrievers from Horicon. Ziva was obtained from the Dodge County Humane Society. Deputies Chad Enright and Gilbert Fairman were chosen to be their handlers. Training began August, 2011 and consisted of over 160 hours of obedience, odor identification, scent theory, first aid, case law, tracking, dog behavior and patrol procedures. Certification of both teams by the North American Police Work Dog Association occurred in narcotics detection and tracking in October, 2011. They began patrolling soon after.

Both K9 teams continued to be active in 2014. Lieutenant Enright and his partner Paige and Deputy Fairman and his partner Ziva had 360 K9 deployments and conducted 302 vehicle sniffs in 2014. The teams also conducted two K9 tracks and assisted schools and local police departments with ten school locker sniffs. The teams conducted 11 public appearances where they explained their purpose and the unique ability of their partners to find illegal drugs.

The K9 teams located over \$1,500 (approximate street value) of illegal drugs during their deployments.

As you can see, both K9 teams have been very busy during their third full year of working together. We have found that both teams are very valuable to the sheriff's office and the citizens of Dodge County.

SWAT TEAM

The SWAT team has made some excellent and noteworthy improvements over the past year. In late spring, the sheriff's office chose to apply for a much-needed armored vehicle through a federal surplus program. It was expected to take months or longer to determine if we would be granted the equipment. Within a week, the program offered an armored vehicle to our agency. The armored vehicle is for the entire agency to use but will primarily be used by the SWAT team, as well as neighboring agencies that request a need for it. There has been a lot of public discussion nationwide regarding these vehicles, however there truly is a need for this equipment to protect our employees and citizens in certain situations. This was the best choice for us financially and had we purchased a similar vehicle designed for law enforcement, it would have cost the taxpayers in excess of \$200-400,000. This vehicle was free and delivered for free.

Jail Supervisor Aaron Potratz was added to the team to replace Deputy Jaime Buelter following her nearly 10 years as a crisis negotiator. Deputy Taylor Nehls and Corrections Officer Ryan Martin were added as entry team members to fill vacancies on the team as well.

During the 2014 calendar year the team was activated for a high risk incident in the City of Beaver Dam in June. The subject was described as having "diminishing mental health" and was believed to be under the influence of alcohol and/or drugs. He was witnessed to have been armed with a firearm and failed to cooperate with responding officers following an altercation with a neighbor. The team was activated and worked with the police department to resolve the matter quickly and safely. The subject was taken into custody and thanks to those involved have been expressed on several occasions by neighbors of the incident.

HONOR GUARD

The Honor Guard continues to train and be ready to assist at funeral services locally and across the state. We continue our membership and affiliation with the Wisconsin Honor Guard Association (WHGA) since its inception. The organization works closely with a statewide Law Enforcement Death Response Team (LEDR) which works closely with agencies which suffer a line of duty death. WHGA also aids all honor guards across the state with training, uniforms and in combining teams for special events. Team members include representatives from the Patrol, Corrections and Investigative Divisions.

In 2014 the team participated in the high profile funeral for Detective Stacie Napoli (West Allis PD), the Wisconsin Law Enforcement Memorial Ceremony in Madison, the Dodge County Law Enforcement Memorial ceremony, Memorial Day parades, Beaver Dam Hero Festival, September 11 parades and the September 11/dedication of the Dodge County Law Enforcement Memorial dedication ceremony. We also joined 30 Law Enforcement Honor Guard teams from around the state for a very large recognition of those in law enforcement by doing a joint presentation of the Colors at the August 22 Milwaukee Brewers game (attached photo).

Sadly, the team was asked to assist the families at the funerals of retired Dodge County Sheriff Deputies Lyle Hilker, Robert Born and Judy Born in 2014.

The team continues to seek means of improving the current uniform and appearance as well as participation in more local events including high school sporting events.

DRUG RECOGNITION EXPERT

Drug Recognition Expert (DRE) : In 2013 we added two highly-trained deputies to the DRE program in Dodge County, both of which have since promoted. Currently all of our trained DRE’s are in management or supervisory positions and we will likely recruit deputies in the next couple of years to begin to take over the role that our current DRE’s have performed well in.

DRE’s attend extensive initial training which is often referred to as the most difficult training law enforcement officers attend. DRE’s are trained and certified to determine impairment by drugs other than alcohol to assist the arresting officer and prosecutor in OWI cases involving prescription and/or illegal drugs. This has been a nationwide problem for decades and continues to be an issue the public faces as they drive on the roads and highways in Dodge County. Many more drug-impaired drivers fail to be detected than are, however training in recognizing signs and symptoms of drug use by the initial officer can help us better detect, process and enforce our impaired driving laws to prevent and reduce traffic crashes. The sheriff’s office plans to host and provide instructors for ARIDE training (Advanced Roadside Impairment Driving Enforcement) where law enforcement officers are given training to help them better recognize impairment from drugs which is more difficult to detect. Some of our DRE’s will also attend DITEP Instructor (Drug Impairment Training for Educational Professionals) training in order to work with area schools to better educate them on the signs, symptoms and dangers of drug use.

Prescription and drug abuse, misuse, diversion and impaired driving have long been a real issue locally. The explosion of heroin across the country has drawn a lot of attention and reinforces why this program is vital to reducing injuries and saving lives.

Evaluations

37 total evaluations
32 were on duty
5 were off duty
10 were for outside agencies

Current active DRE’s

Sheriff Dale Schmidt
Lt. Brian Loos
Sgt. Michael Willmann
Sgt. CJ Micale

SALVAGE INSPECTION

The certified salvage vehicle inspectors for the Dodge County Sheriff’s Office are Deputy Roy Jaster and Deputy Duane Olbinski.

The image that comes to most people’s minds when they think of a salvaged vehicle is one that looks like it was pulled up from the bottom of a canyon, after it had flipped end over end a dozen times before it burst into flames. While that’s almost never the case, the salvage laws were written to help the buying public know what it is paying for. A salvaged vehicle is one that has been in some sort of accident or had damage occur and has been declared a “total loss” due to that damage at some point in its history. These cars are sold to salvage buyers who in turn sell them to parts yards or recyclers. Sometimes, depending on the type and extent of damage, the salvage buyers will have these cars repaired and will then sell them as a running vehicle.

Wisconsin Administrative Code Trans 149 provides that a certified salvage inspector must inspect repaired vehicles titled as salvage. Inspections ensure the vehicle and its individual parts are not stolen, have proper equipment and are in safe operating condition.

Deputy Jaster and Deputy Olbinski conducted 92 salvage vehicle inspections in 2014. These salvage inspections generated \$5,100 which is paid by the state of Wisconsin.

FATAL VISION PROGRAM

Fatal Vision is a training tool used to vividly demonstrate the concept of impairment and the dangers of impaired driving. Fatal Vision's purpose is to duplicate impairment caused by a specific level of alcohol or other drug ingested by a human. Alcohol and other drugs have an effect on the brain that results in a variety of impairments. The fatal vision goggles distort vision and cause behaviors that are similar to behaviors exhibited by someone under the influence of alcohol or other drugs.

Deputy Don Counard oversees this valuable community training program and is assisted by Deputy Scott Petrack and Communication Officer Holly Buchda.

The majority of the training events have focused on high school aged students. These young drivers are given a realistic view of the dangers of driving while impaired and the deadly consequences of their choices. The program provides practical exercises to understand decision making, responsibility and consequences. The training program often concludes with the use of the fatal vision goggles while attempting to operate a golf cart through a posted route.

Another important aspect of the Fatal Vision Program is the court sponsored One Chance Program. This is offered to first offense underage alcohol offenders. The offenders are required to attend the Fatal Vision Program, participate in 8 hours of community service and write an essay about what they have learned from the experience. If the judge accepts their efforts, the citation is dismissed.

In 2014, the sheriff's office Fatal Vision Program presented to 26 groups and reached over 450 people.

RECREATION PATROL

The Recreation Patrol for the sheriff's office assumes responsibility for enforcing ATV, snowmobile, and boating laws throughout the county. Additionally, the patrol spends time patrolling the various county parks. The patrol is staffed by a deputy who is assigned to the position full time and is often assisted by other deputies. The position works closely with the WI DNR (Department of Natural Resources) and is partially reimbursed through the DNR for hours worked, as well as equipment purchase and maintenance. The deputies actively patrol the snowmobile and ATV trails, as well as the three main lakes and additional smaller lakes during both open water and frozen surface times.

Through the sheriff's office participation over the years, we have purchased two snowmobiles, two ATV's and a boat for use during these patrols. This equipment is often also used for rescue operations and for searching/accessing areas otherwise not accessible and has been used to access and patrol the highways during blizzards in recent years. The initial cost to purchase the vehicles is the responsibility of the county, however is reimbursed by the DNR over a five year period.

Deputy Mike Matoushek held the full time Recreation Patrol Officer position for the past several years. He recently moved to a 1st shift patrol position and Deputy Scott Petrack was selected to take over duties and has been doing an excellent job in the position so far. Thank you for your work over the years, Mike and good luck in the new position Scott!

In 2014 the recreation patrol conducted a total of 333 hours of enforcement on Dodge County waterways and trails while patrolling in boats, ATVs and snowmobiles.

MILITARY SERVICE

Sgt. Eric Krueger was activated for military duty January, 2014. Sgt. Krueger returned to the sheriff's office on March 1, 2015. Sgt. Krueger is a Major in the National Guard and was deployed in the Middle East. We thank Eric for his service to his country and welcome him back.

As you can see the Patrol Division continues to be very active. Please feel free to contact me if you have any questions or concerns regarding the patrol division.

Sincerely,

Capt. Trace Frost

COURT SECURITY

In response to Chapter 59.27(3) of the Wisconsin statutes and Chapter 70.38 of the Wisconsin State Supreme Court Rules, the sheriff of Dodge County and the presiding judge has established a level of court security in the Dodge County Justice Facility. The Dodge County sheriff and the presiding judge wish to address the potential dangers to the safety of county and state employees who work in the Dodge County Justice Facility as well as that of the public who conduct business in the facility.

Court security in the justice facility is designed to increase building security in a fiscally responsible manner. The manner of security is also designed to avoid unreasonable inconvenience to both staff and the public. Court security will provide a deterrent to acts of violence in the facility by maintaining a presence of security in the facility and by attempting to keep dangerous weapons and other unauthorized items out of the facility. A secondary mission of the court security staff includes providing information, direction and other customer service needs to the public.

Part-time court security staff in 2014: Dave Beal, Kelly Cotter, Larry Huettl, Mark Jahnke, Edward Oestreich and Mike Mosher.

COURT SECURITY ACTIVITY

Other agencies continue to contact the sheriff's office regarding our policies and procedures as they relate to security matters at the justice facility. These continued requests to us for information are an indication that Dodge County continues to be the example on how to design, implement and maintain a safe environment for those who access and work in the courthouse setting.

Court security officers screened 46,342 visitors who entered the justice facility in 2014.

Court Security officers are proactive and attend proceedings that are of a sensitive nature or that have the potential of being emotionally charged. Examples of the proceedings are temporary restraining order hearings, juvenile hearings and plea and sentencing hearings. We feel this presence is a calming influence and prevents disturbances before they occur. In 2014 there was once again an increase in the number of special requests for security to attend court proceedings or other meetings. There has been a steady increase over the last 4 years for these requests.

CRIMINAL INVESTIGATION DIVISION

Lieutenant Brian Drumm – Supervisor

The Criminal Investigation Division is made up of three separate units.

DETECTIVES

Det. Vickie Brugger
Det. Kevin Day
Det. Andy Rolfs
Det. Theodore Sullivan
Det. Michael Reissmann
Det. Daniel Stiemsma

DRUG TASK FORCE

Det. Chad Haase
Deputy Dean Hopp
Deputy Jeff Meyer (part- time)

EVIDENCE/PROPERTY

Sec. Kathy Vergenz

Dodge County currently has six (6) detectives working on general assignment cases, one (1) detective assigned as the Institutions Investigator/District Attorney Investigator. One (1) detective is assigned as the unit lead of the Dodge County Drug Task Force. There are also twenty (20) law enforcement officers from the sheriff's office and participating local police departments who take part in task force operations. There is one (1) deputy secretary assigned as the evidence clerk for the Evidence Property Room.

DETECTIVE/INVESTIGATIONS

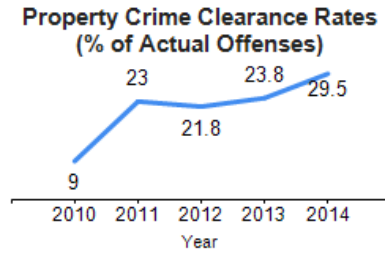

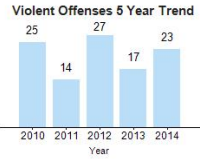

In 2014 the Criminal Investigation Division received four hundred sixty eight (468) case reports for evaluation and assignment.

The Dodge County Sheriff's Office receives thousands of calls for service each year. Some complaints are criminal in nature while others are not. Each criminal complaint is usually assigned to a deputy in the Patrol Division. The deputy that takes the complaint will in most cases complete a written report of the incident. After the report is completed, a supervisor reviews it. If the complaint is of a criminal nature, the patrol supervisor will compare all of the known facts of the case that have been reported to establish "solvability factors". The Patrol Lieutenant will then decide if the case should be forwarded to the Criminal Investigations Division. There were 1,586 cases that remained in the Patrol Division and were not forwarded to the CID.

Some cases that will immediately be outside the realm of the patrol deputy may be assigned to a detective from day one. Examples of these would include unanticipated death investigations, undercover drug investigations, child abuse referrals from Child Protective Services, elder abuse referrals from Adult Protective Services or any other case that the shift Officer in Charge feels should start with a detective as the first responder or point of contact. Detectives also receive non-criminal assignments such as welfare fraud referrals, child welfare checks, fire investigations that may not be criminal in nature, forensic previews of cell phones for other agencies, follow-up requests and Jon Doe investigations from the district attorney's office and forensic recorded child victim interviews to name a few. These additional assignments are not captured in the crime data that is reported to the federal government for tracking purposes.

2014 Annual UCR Summary for Dodge Co. SO (IBR)

DRUG TASK FORCE

The sheriff’s office as the lead agency reports the total number of drug cases recorded by our staff and the other participating agencies. Last year there were three hundred and twenty (320) cases developed that pertain directly to the manufacture, possession or distribution of drugs and drug paraphernalia in Dodge County.

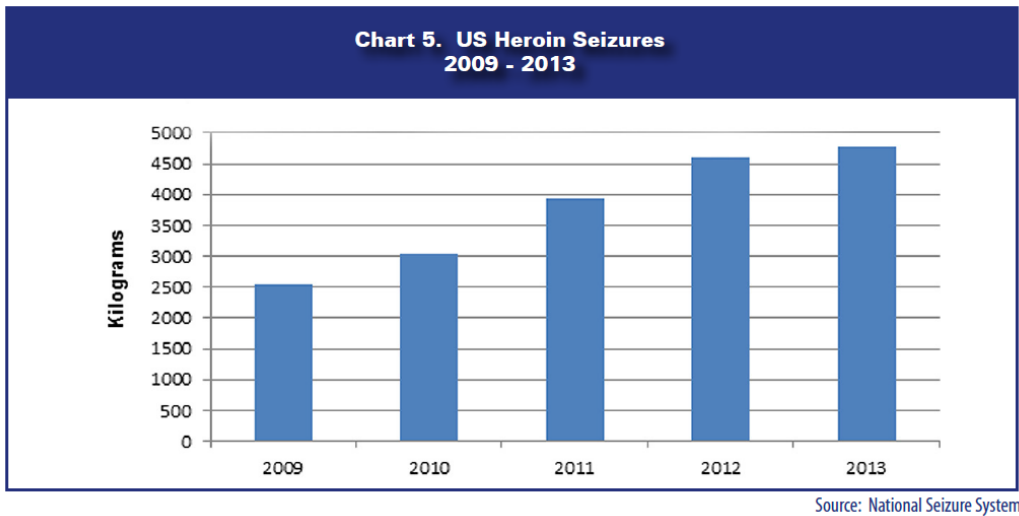

The Dodge County Drug Task Force consists of eight (8) Dodge County law enforcement agencies working together to share intelligence, combat drug use and educate the community. We continued to show a positive impact in 2014. In the summer of 2013 the sheriff’s office installed and made available to the public a prescription drug drop box in the lower lobby of our building. This has removed:

- 2013 297.6 lbs. of unwanted and unused medication
- 2014 192.4 lbs. of unwanted and unused medication

Total of 490 lbs. removed from our communities

Heroin and prescription drug abuse have become the top priority of the drug task force. In 2012 it became clear that the abuse of prescription drugs is a clear gateway to heroin use. The effects of both opiate based commercial drugs and heroin are similar. Most abusers of heroin started with misusing prescription drugs and then shift to heroin use due to availability and cost. Prescription drugs remain readily available on the street although the cost is high, with prices up to \$80 per pill. On the other hand, heroin is roughly half the price and also readily available. The investigations of both prescription drug and heroin cases are unique in that the drugs are generally sold and used in small quantities. Often the users will travel out of the area to larger cities and only purchase small quantities, enough for one or two days. The users may make that trip several times a week. The heroin problem in Dodge County is consistent with what is being reported on the national level. The National Drug Threat Assessment is distributed to all task forces and is available on the internet.

From the National Drug Threat Assessment:

The Dodge County Drug Task Force is committed to working with all agencies within the county and surrounding areas to continue to develop informants, arrange controlled buys and conduct search warrants in an effort to disrupt and dismantle drug trafficking and abuse within Dodge County.

EVIDENCE/PROPERTY ROOM

Evidence is universally defined as – property that has significance in determining the truth of a matter being investigated. This could include many different components of the investigative process such as fingerprints or DNA that identifies the suspect who committed the crime; digital audio and video files from countless sources; items recovered which were stolen from the crime scene; shoeprints, tool marks or tire tracks just to name a few. These items are collected in the field by deputies or detectives and packaged prior to being submitted to the property room. The evidence clerk is responsible for inspecting the packaging to ensure the evidence is properly sealed to prevent contamination, as well as categorizing the evidence and designating the areas where the evidence will be stored. Upon completion of the criminal case or expiration of the statute of limitations the evidence will be retrieved and purged from the evidence room in a continuous cycle of evidence property coming in, processed and stored while other evidence is retrieved, processed out and returned or destroyed.

Deputies routinely recover and submit non-evidentiary items such as found or abandoned property to be stored until the owner can be identified or the property is purged from the system.

The Dodge County Sheriff’s Office is also the repository of all firearms that are ordered to be surrendered as a result of cases in the Dodge County Circuit Court. These firearms are stored and maintained for the duration of the court order or other legal proceeding that prompted the surrender of the firearms.

OPERATIONS

2014 was an example of the continued tradition of excellence for your Dodge County Sheriff's Office E911 Communications Center. The communications officers met and worked successfully through all challenges presented to them. Complex fire calls, severe weather events, death and stolen property investigations and serious traffic crashes are a few examples of the call types they routinely worked through. Your Dodge County communications officers are truly your experts in dispatching first responders and valuable resources to all emergencies. They are the team in place to make sure that we utilize our county's resources to their fullest. Mutual Aid Box Alarm System (MABAS) drills are completed each month to test the plans that are in place between local agencies for planned responses to emergencies requiring mutual aid from agencies throughout the county. We continue to train to sharpen our skill sets to insure we do our part to help provide for the safety of Dodge County. We are moving forward with strengthening our relationships with our dedicated first responders and their agencies.

A new call logging software program was implemented during 2014 to upgrade our recording abilities for telephone, pager and radio calls. The upgraded software allows for the ability to redact private/sensitive information to help protect people's privacy and those who wish to remain anonymous. The software upgrade was necessary as our previous program was becoming obsolete.

Our staff was involved with the community throughout the year by once again offering Kid IDs to the residents of Dodge County. This program is led by Communications Officer Erica Lemke and she insures that the sheriff's office is well represented at these events. We set up the "studio" at local organizations, National Night Out in Juneau and the Dodge County Fair. This program continues to be very well received by the community.

STAFFING

Your Dodge County Support Staff Division was fully staffed for the entire year of 2014. This allowed us to continue to work on daily operations to improve efficiency and accuracy.

The Dodge County Executive Law Enforcement Association recognized Deputy Secretary Diane Dahl as 2014 Support Person of the Year. We can all be proud of Diane's outstanding dedication to serve the sheriff's office and the citizens of Dodge County.

PERSONNEL CHANGES IN 2014: Supervisor Rick Gempeler retired after 21 years of service. There was one supervisor promotion, five officers left the department and four new officers were hired to fill several of the existing vacancies.

Supervisor Michele Pieper

Officer Michele Pieper was promoted to Supervisor.
Supervisor Pieper has been with the department for approximately 24 years

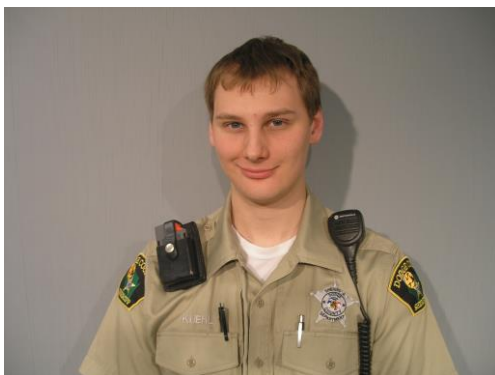

NEW OFFICERS HIRED IN 2014

Officer Ryan Meyer

Officer Aimee Pitzlin

Officer Kevin Kuehl

Officer Matthew Shadley

**2014 CORRECTION OFFICER OF THE YEAR
HONORABLE MENTION**

Officer Ryan Jackson

On January 19, 2014 Officer Ryan Jackson responded to an incident in one of the housing units at the detention facility. The incident involved an inmate attempting suicide by hanging himself from his table. Officer Jackson responded to this inmate's cell and assisted in untying him and providing him with the emergency medical attention he required.

Later on this same date, Officer Jackson was monitoring the camera in another section the same housing unit and discovered that another inmate was attempting suicide by cutting her arms. Other officers who were present on the unit entered the section the female was in while Officer Jackson sent out a radio call for additional officers and medical to respond to the housing unit.

The fact that there were two incidents of attempted suicide in the same housing unit on the same shift is extraordinary. Officer Jackson's composure and skills in dealing with these two situations is commendable. By all accounts these situations were handled exactly how they should have been. Officer Jackson is to be recognized and commended for his efforts.

The Dodge County Detention Facility passed all of the annual state, U.S. Marshal’s and Immigration inspections. There were no in custody deaths at the facility for 2014.

In 2013 a risk management review was conducted by the county’s insurance carrier as well as a medical review which was conducted by an expert from the National Institute of Corrections. Both reviews recommended several changes relating to the medical operation at the facility. In early January, 2014, the facility began having 24 hour on-site medical coverage as well as an increase in mental health coverage from 18 hours bi-weekly to 24 hours bi-weekly. The increase in hours is designed to decrease the liability exposure in these areas as well as to meet a growing need for these services.

The Federal Communications Commission, (FCC) made a ruling relating to the amount of money that inmates across the United States can be charged for making out-of-state phone calls. The FCC decision reduces the amount charged to inmates and effectively reduces revenues generated by these calls. The ruling was challenged in federal court by the phone carriers that provide this service. The original ruling was upheld with some minor changes. As a result of the ruling the facility will experience a small decrease in the amount of revenues that are generated by this type of phone call.

The need to replace/upgrade the current secure electronics system at the main jail as well as the need to address other systems, resulted in the hiring of Mead and Hunt as a consultant for the project. Site surveys were conducted on the existing systems in order to determine the size and scope of the project. The replacement and upgrades of the systems will result in a more secure environment that will be more efficient and will also provide a better mechanism to deal with liability issues. A project team was created in order to represent the interest and expertise of several Dodge County departments. The team consists of the County Administrator, the IT Director, members of the Maintenance Department and several Sheriff’s Department Administrators. Documents will be created in 2015 that will be used to identify both the cost of the project and prospective bidders of the project. It is hoped to include the funding for the project in the 2016 budget.

UNEXPENDED JAIL BUDGET

2010	2011	2012	2013	2014
\$579,618	-\$418,707	-\$323,496	\$830,455	-\$579,782

Revenues were up in 2014. Due to low numbers of contract beds for 2013, a more realistic target number of 235 contract beds per month was used for budgeting purposes in 2014. In 2013 that number was 275. The budget adjustment resulted in the jail being under budget for 2014 by \$579,781.85.

BOOKING TRENDS

TRENDS	2010	2011	2012	2013	2014	% Change

TOTAL	6,813	6,912	5,631	4,977	4,660	-7%

The number of bookings for 2014 decreased from the previous year by approximately 7%. A large part of the decrease is a result from continuing U.S. policy changes and funding for Homeland Security in the area relating to immigration detainees. The number of county inmates booked also decreased by 2%.

TRANSPORTS

NEW PROGRAM

NARCOTICS ANONYMOUS

With the increase in the on-going drug problem in Dodge County of illegal drug use, the Dodge County Detention Facility has implemented a Narcotics Anonymous program. Drug abuse affects more than just the people who use them. Whether it is car crashes caused by people under the influence of drugs or burglaries and robberies committed by those seeking the money to buy drugs, drug abuse affects far many more people than just the abuser. These crimes also cost the taxpayers a great deal of money in the apprehension and prosecution of those who commit these crimes. It is the hope that this program can help to do something positive to address these issues.

Narcotics Anonymous at the detention facility is designed to offer inmates the support they need to get off and stay off of drugs. For years the facility has assisted those inmates dealing with alcohol addiction by implementing alcohol withdrawal/detoxification protocols as well as offering Alcoholics Anonymous meetings. With the continuing widespread use of illegal opiates (Heroin) and narcotics, the facility recognized a need to offer assistance to those addicted to other substances besides alcohol. When the opportunity presented itself to offer a Narcotics Anonymous program, Programs Supervisor Jason Polsin and Programs Specialist Matt Marvin took on the responsibility of coordinating the program. Terry Johnston and Kenneth Lindegarde who were working with the Alcohol Court at the time, provided a list of potential meeting facilitators to the programs office and conducted pre-planning for the program. The facility's medical department already had protocols in place for dealing with withdrawals and detoxification for those on drugs but there was a need to offer some type of support, both long term and short term, for those wanting to get clean and stay sober.

Two individuals stepped up and volunteered to come to the facility to run Narcotics Anonymous meetings for those inmates that were interested. By holding weekly meetings at the facility it is the hope of all involved that this will provide the support needed to help as many participants as possible to get off of drugs and stay off of drugs.

The Narcotics Anonymous program was initially offered to the female population of the facility. The initial meeting was held on August 3, 2014 and we were very pleased to see that 15 female inmate/detainees attended the meeting. This number represented over 50% of our female population at the time. Since that time, the program has been expanded to include male inmates attending separate classes. A total of 101 inmates have participated in the program since it was started.

SELF IMPROVEMENT	Participants	Events
