

These Kits are now **FREE**
to our residents – a **\$40** value

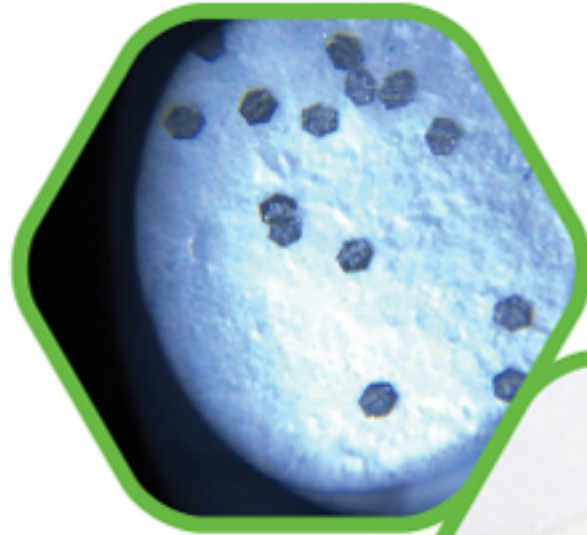

INTRODUCING DNA FOR PROPERTY

Get your packet of DNA adhesive and
swab it on your valuables

The adhesive includes thousands of
tiny microscopic dots – each dot includes
a unique Personal Identification Number (PIN).

When you apply the DNA adhesive to your property it will:

- ✓ *Deter criminals*
- ✓ *Help law enforcement identify true ownership*
- ✓ *Allow you to keep inventory of your valuables from theft, loss and natural disasters*
- ✓ *Report accurately the items*

Here is how you get your DNA
for **Property Kit**

Go to www.protechdna.com and click on
