Subject: note to supervisors

Good Afternoon Board members,

Supervisors, we are making great progress on the Strategic Planning, we are getting into the home stretch of the project. But we need **everyone** to participate on this project as all ideas are important and valuable. This is an excellent opportunity to shape the future of Dodge County and provide a foundation for future decision making. Please attend every meeting from this point forward as it very important to the final outcome of the project.

Russell Kottke, County Board Chair

Infrastructure	Water Quality	Business Support/ Workforce Issues	Housing	Quality of Life
1. Encourage coordination and cooperation of fire and EMS services county-wide. County law enforcement. [19]	6. Remove phosphorus from Rakes Bay and include working with ag producers	8. Work closer with UW Madison focus on biotech, create incubators if needed to attract and encourage young professionals and businesses to the area.	13. Intergovernmental service cooperation water/sewer cities and towns. Live and work in Dodge County – provide tax break. Better county wide transportation to and from work.	17. Concentrate on developing yearlong recreational activities that are family friendly. County parks, lakes/beaches, festivals/music, farmers markets. These attract young professionals and keep entertainment \$\$ within Dodge County. [5, 20]
2. Support and fund county-wide fiber optic broadband coverage that is affordable to the consumer within 3 years.	7. Manure management - Wastewater plant. Soil health: Phosphorus control and urban runoff. Increasing the percentage of participating ag producers by 33% in 2 years	9. Provide programming to educate. Identify businesses and areas that are short labor due to lack of specialized training and work with local tech schools and retain students in Dodge County.	14. Streamline zoning regulations and make them consistent with other municipalities.	18. Develop a strategy and plan that fulfills the need for public transportation within municipalities and joining towns to aid in getting kids to school and folks to work. Also work with private sector to find solutions. [4, 10]
3. Fund designing of future highway projects so funding can align with projects and continue to work toward a 25-year (???) life cycle of county highway system.		10. Seek out grant funding and partner with private sector to develop public transportation routes and workable plans connecting both locally and town to town connections. [4, 18]	15. Determine where it makes sense to build more housing in county. Clusters?	19. Health care – good ems service. Professional full-time staff. [1]
4. Public transportation to various work and other towns or small busses or vans. Park and rides. [10, 18]		11. Provide/promote county grants for businesses both independent daycare centers and local companies willing to provide on-site daycare for their staff. Caveats would include % of startup cost, cost containment and affordability, etc. [22]	16. Get copy of housing study report and identify possible options	20. Multi use trails that connect the communities can accommodate ATVs, snowmobiles, hikers. [5, 17]
5. Incentives for building recreational infrastructure. [17, 20]		12. Develop a comprehensive drug rehabilitation plan which attacks the drug problems earlier and provides treatment.		21. Senior activity. Health care. Childcare. Transportation/public homeless shelters. [Many]
				22. Provide incentives to businesses that would aid in childcare shortage. [11]
